

021-7014

Counterweight - 5lb
(Used with Vertical Rope Lifelines)

Description The 021-7014 attaches to the free end of a Vertical Rope Lifeline to provide tension on the lifeline.

Weight 5 lbs (2.3 kg)

Color Black

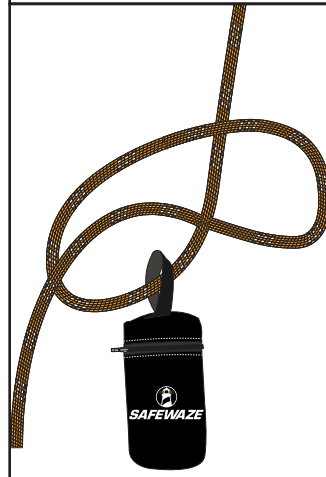

Attachment Point(s) Polyester Loop

Installation

Step 1: Thread free end of the Vertical Rope Lifeline through the web loop on top on the 021-7014.

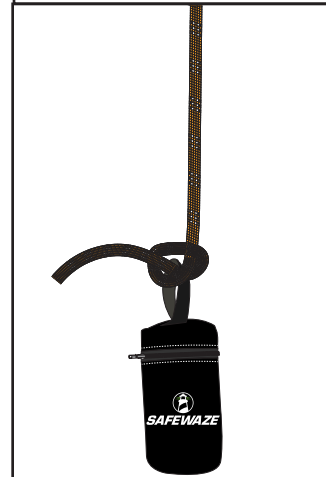

Step 2: Form a loop with the rope and pass the free end of the rope back through the loop in order to form a knot.

Step 3: Cinch the knot tight to secure the 021-7014 to the end of the Vertical Rope Lifeline.

Step 4: The 021-7014 is now fully installed and provides positive tension on the Vertical Rope Lifeline.
